

About Highlight Security

Highlight Security provides professional, responsive security services across commercial, construction, education, hospitality, events, sporting and public-facing environments. Our licensed security personnel, practical systems and hands-on management team work to protect people, property and operations while remaining proactive, adaptable and responsive to client needs. We operate as an extension of your team, delivering reliable security solutions that keep your site, event or operation safe, secure and running smoothly.

Security Services

Guarding & Site Security

- Professional security personnel providing static guarding, access control, asset protection and a visible security presence across a range of sites.

Concierge, Front-of-House & Access Control

- Professional, customer-focused officers managing reception areas, visitor access, entry points and the secure movement of people throughout your premises.

Mobile Patrols & After-Hours Security

- Scheduled and responsive patrol services including perimeter inspections, site checks, lock-up support and escalation of security concerns.

Event Security & Crowd Management

- Experienced security personnel supporting sporting events, festivals, corporate functions and community events through crowd management, access control and event-area security.

Incident Management & Reporting

- Clear incident documentation, timely escalation and structured communication to provide clients with visibility and accountability throughout every deployment.

Risk Identification & Proactive Security

- Active monitoring and early identification of security risks, hazards and emerging issues to help prevent incidents and minimise disruption.

Our Difference

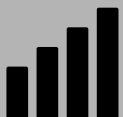

Accountable, Hands-On Management

Direct management oversight, clear processes and defined escalation pathways support consistent service delivery and rapid resolution of operational issues.

Professional, Client-Focused Personnel

Licensed, professionally presented officers selected for strong communication, reliability and their ability to represent our clients effectively.

Responsive & Scalable Delivery

A flexible workforce and 24/7 operational availability allow us to support individual posts, larger deployments and short-notice requirements as client needs change.

Tailored Security Solutions

We work closely with each client to understand their operations, risks and expectations, delivering security solutions aligned with their specific environment and requirements.
