About Highlight Security

Highlight Security is a fully licensed and insured NSW-based provider of unarmed security services, committed to protecting people, property, and peace of mind across Sydney and Greater New South Wales. Our core specialties include site protection, asset safeguarding, crowd control, and event security, delivered by professional, well-presented guards who understand the importance of both presence and conduct.

We don't just place guards – we deploy trusted personnel who are briefed, prepared, and site-ready. Every assignment begins with a focused understanding of the site's layout, vulnerabilities, operational needs, and client priorities. This ensures our teams are not only alert, but aligned – with your goals, your risks, and your standards.

What truly sets Highlight Security apart is our agility and consistency. We're structured to respond quickly, scale when needed, and operate with clear internal systems that ensure quality is never compromised – even under time pressure. This makes us the ideal security partner for both direct clients managing their own sites and larger security providers seeking subcontractors they can rely on to represent their brand with professionalism.

Whether it's a one-day assignment, an overnight deployment, or an ongoing contract across multiple locations, we bring the same level of preparation, presentation, and accountability – every time.

Our Mission

To raise the standard of private security through professionalism, reliability, and results – every shift, every site.

At Highlight Security, our mission is built on a simple but powerful principle: security should never be an afterthought. We aim to redefine what clients expect from private security by consistently delivering services that are proactive, dependable, and executed with professionalism at every level.

Our personnel are more than just guards – they are trained representatives of our brand and yours. Every officer we deploy is carefully selected, briefed, and equipped to meet the specific needs of the site, the environment, and the people involved. We place a strong emphasis on punctuality, grooming, communication, and situational awareness, ensuring a visible and capable presence that deters threats and inspires confidence.

We pride ourselves on clear communication and strong operational discipline. From the moment we are engaged, we work closely with clients to understand the risks, site layout, access requirements, and expectations. Our team then coordinates the right solution – whether for short-term assignments or long-term coverage – and follows through with consistent reporting, supervisor oversight, and a commitment to continuous improvement.

Ultimately, our mission is to provide peace of mind. We do this by ensuring every deployment – no matter how large or small – is approached with attention to detail, respect for the client's environment, and a drive to exceed expectations. This is how we deliver security that is not just present, but truly protective.

Who We Support

- ✓ Construction Companies & Builders
- ✓ Event Organisers & Venue Managers
- ✓ Retail Centres & Shopping Strips
- ✓ Government & Education Sites
- ✓ Facility Managers & Industrial Operators
- ✓ Security Companies Seeking Trusted Subcontractors

Highlight Security support a broad range of industries across Sydney and Greater NSW with tailored security solutions that align with each site's unique risks and requirements. From active construction zones and public events to retail centres and sensitive facilities, our guards are selected for their professionalism, awareness, and readiness to represent your brand or operation with care.

Our team has delivered on everything from one-off assignments to multi-site, long-term deployments – often in high-pressure or time-sensitive situations. As a subcontracting partner, we integrate seamlessly into existing operations, helping you scale with confidence while maintaining service quality and reputation.

Our Clients

Core Services

› Unarmed Static Guards

Highly trained, fully uniformed guards for site access control, visual deterrence, and professional customer interaction – ideal for static positions and ongoing coverage.

› Site Monitoring & Lock-Up

Reliable overnight and off-hour security tailored to your site's routine, with lock-up procedures, perimeter checks, and detailed shift reporting provided as standard.

› Event Security & Crowd Control

Specialised personnel for crowd management, access screening, VIP support, and emergency coordination across public, private, and community events.

› Mobile Patrol & Alarm Response

Visible vehicle patrols and rapid response services for large properties, industrial zones, or multi-site operations – ensuring active deterrence and peace of mind.

› Subcontracting Support

Seamless, professional integration with your brand – we supply dependable, licensed guards to support larger contracts and urgent coverage needs without compromising service quality.

Case Study

CAMBRIDGE MARKETS - SYDNEY

Highlight Security was proudly entrusted by Cambridge Markets to deliver comprehensive security services for the Double Bay Christmas Festival – a high-profile community event that attracts thousands of attendees annually. With over 10 professional security officers deployed, we provided full-spectrum coverage across the site. Our team was responsible for RSA enforcement at licensed areas, stringent access control at key entry points, asset protection for vendors and event infrastructure, and dedicated backstage and stage security to safeguard talent and staff. Our team also managed site safety during both bump-in and bump-out phases, ensuring smooth transitions without disruption to operations or public safety.

This event showcased our strength in end-to-end event security and risk management. Prior to deployment, Highlight Security produced a detailed Security and Crowd Management Plan and a site-specific Risk Management Assessment – both aligned with NSW regulatory standards and tailored to the unique demands of the event and crowd profile. Through seamless coordination with event organisers, local authorities, and vendors, we ensured a controlled and enjoyable environment for all stakeholders. Our professionalism, responsiveness, and ability to anticipate and de-escalate risk in real time earned us strong feedback and a continued relationship with Cambridge Markets for future large-scale events.

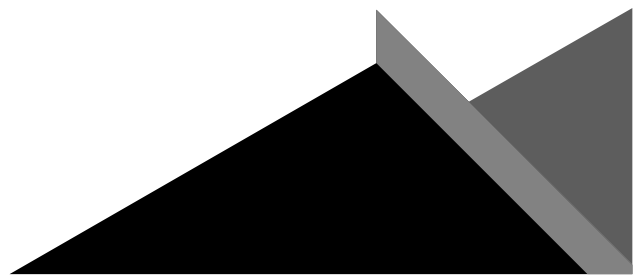

Reliability **That Scales**

At Highlight Security, we understand that security needs vary – from a single guard at a retail storefront to full teams across multiple construction or event sites. Regardless of size, our standard remains the same: professional, consistent, and ready.

We operate with the polish of a national provider and the agility of a local business. This balance allows us to respond quickly to urgent coverage needs, manage scheduled deployments with precision, and integrate seamlessly with our clients' operations – even under complex or evolving conditions.

Our operations team oversees everything from initial rostering to on-site check-ins and post-shift reporting, ensuring transparency and accountability at every stage. Whether you're a direct client or a larger security firm in need of reliable subcontracting support, we're prepared to represent your interests with integrity and professionalism.

Highlight Security is the partner you can rely on – to scale with you, adapt to you, and perform without compromise.
